GELUKKIGE VROUEDAG / HAPPY WOMAN'S DAY

Op 9 Augustus vereer Suid-Afrikanners hul vroue vir hul bydraes in die samelewing, gemeenskappe en die politieke welsyn van die land.

Die SAOU (Limpopo) wens ons vroulike lede by die verskillende skole in die provinsie 'n heerlike dag toe, gevul met vreugde en inspirasie!

On 9 August, South Africans hail their women for their contributions to and roles in society, their communities and the political well-being of the country.

The SAOU (Limpopo) wishes all our female members at the various schools in the province a wonderful day, filled with joy and inspiration!

Gedig vir 'n vrou

Ek skryf 'n gedig oor jou,
jy is 'n inspirerende vrou
'n roos waaraan mens kan vashou,
dis hoe almal jou beskou
Iemand wat my kan help en leer,
selfs kan bystaan in tyd van seer.
Vertrouende woorde, sag en teer,
jy sien nooit op iemand neer.

Raad het jy om 'n wond te genees,
te verwyder 'n doring uit die vlees.
Verstommend is jou passievolle gees,
nog meer, jou kreatiewe idees.
Blomme is vir jou niks nuut,
jy kan rangskik, met selfs een riet.
Uit iets oud skep jy iets nuut,
tot 'n geroeste yster kan jy so geniet.

Jy wys my hoe om te bak en brou,
om room te klop, sommer gou.
Hoe om te stik 'n soom, 'n mou,
hoe diep om 'n plant se gat te grou.
Wat om te maak met 'n plein wit blaai,
wanneer om nuwe blomme te saai.
Van 'n lappie maak jy iets so fraai,
hoe jy dit doen kan ek net raai.

Ek wonder soms,
is jy by die huis net soos ons?
Moet jy ook koskook en bed op maak,
om nie eers van skottelgoed te praat?
Hoe kry jy dit reg om ma te wees en vrou,
en dan nog by al jou verpligtinge te hou?
Raak jy ook moeg, raak jy ook flou,
Jy is 'n wonder mens, jy is 'n vrou.

The strength of a woman

The strength of a woman is her kind hearted ways
that she forever displays.
It's her loving confident smile that takes you to the
highest place with the glimpse of determination
shone upon her face.

The strength of a woman is the amazing ability to
withstand pain brings life into this world even if
the man does not want to entertain.

It's the ability to raise her child on her own when
the man left her all alone to support them until
they are grown.

The strength of a woman is the intrinsic style
to protect like a child without being hostile.

It's the humble heart she shows
that warms a soul when your spirits feeling low.
The strength of a woman knows how to restrain her
tongue when insults are being flung.
It's the lovely expression she conveys with the eyes
and respect for herself...she does not denies.

The strength of a woman is the devoted traits
she has standing by her man side when problems arise.

It's her inspirational words she gives her mate
making him feel oh so great.

The strength of a woman is her gentle touch
you love so much.

It's her loyal love to one guy she continues to create
without being irate.

The strength of a woman is her intellectual mind,
oh so chic with the words she speaks.

It's the versatile qualities she uses without spirit of guile.

The strength of a woman is learning how to love when
she has been hurt over again without committing a sin.

The strength of a woman is not her traditional love
she has to live on, it's her unconditional spiritual love
that has not yet gone.
