**7 Dae oor vir kommentaarlewering / 7 Days remaining for submission of comment
(Sluitingsdatum / Closing date 10 November 2017)**

Die beplande wysigings van die onderwyswette is niks anders as 'n poging om skole te kaap en terug te neem na die bedeling van pre-94. Indien die wetswysigings deurgevoer word, sal skole 'n verlengstuk van die heersende politieke party en sy ideologie wees. Elke skool sal uitgelewer wees aan herontplooi kaders.

Die doel is ook dat elke kommentaarstuk deurgestuurd moet word na die e-pos adresse van die toepaslike onderwysowerhede asook die Minister van Basiese Onderwys.

The intended amendment of the education laws are regarded as nothing else than a blatant attempt to capture schools and revert to the pre-94 dispensation, i.e. that schools will be an extension of the governing political party and its ideology. Every school will be exposed to redeployed cadets.

The aim is to submit every comment to the email addresses of the appropriate education authorities, including the Minister of Basic Education.
