

**POD Opleiding – Lees:  
Die invloed van generasies en slaggate waarin onderwysers getrap het.**

**Het jy geweet?**

- 72% van alle swak presteerders se leesvaardigheidsvlak kan tot 4 jaar onder die verwagte prestasie vlak wees?
- 'n baie groot aantal laer- en hoërskoolleerders doen swak omdat hulle nie toereikend kan lees nie?
- PIRLS toetse het bewys dat 78% van SA se leerders nie met begrip kan lees nie?
- 82% van SA se ouers is uiters ontevrede met hulle kinders se prestasies op skool?
- Die SA onderwysstelsel het die meeste aantal skoolure per week, tog presteer ons die swakste wanneer dit kom by lees?

SAOU (Limpopo) wil graag ons lede uitnooi na 'n werkswinkel, aangebied deur ons POD (Professionele Opleidingsafdeling). Hierdie aanbieding gaan fokus op die lesse geleer en gee ook wenke om prestasie te verhoog en 'n positiewe werksomgewing te skep. Alhoewel die opleiding meestal fokus op laerskoolopvoeders, sal hoërskoolopvoeders verseker ook baat hierby vind.

## Waar en wanneer?

Ons gaan weer twee sessies aanbied, een in die noordelike deel van die provinsie en een in die suidelike deel.

## **PTD Training - Read:**

### ***The influence of generations and pitfalls in which teachers have stepped.***

#### **Did you know?**

- *The performance level of reading of 72% of all poor achievers can be up to 4 years below the expected performance level?*
- *A very large number of primary and secondary school learners do poorly because they cannot read adequately?*
- *PIRLS tests have shown that 78% of SA learners do not read with understanding?*
- *82% of SA's parents are extremely dissatisfied with their children's achievements at school?*

- The SA education system has the most school hours per week, yet we do the worst when it comes to reading?

SAOU (Limpopo) would like to invite our members to a workshop, facilitated by our PTD (Professional Training Division). This presentation will focus on the lessons learned and also give tips on how to increase performance and creating a positive working environment. Although the training mostly focuses on primary school educators, high school educators will also benefit from this.

### Where and when?

We will have two sessions again, one in the northern part of the province and one in the southern part.
