ROBOTIKA, KODERING EN DIGITALE VAARDIGHEDE

Die POD-span het die afgelope tyd met verskeie rolspelers rakende robotika, kodering en digitale vaardighede vergader om meer inligting te bekom sowel as om vir 2020 te beplan. Navrae van ons lede het aangedui dat daar 'n behoefte bestaan vir inligting en opleiding en ons het dadelik aan die werk gespring.

Groot dinge word vir 2020 beplan!

Deel van ons ondersoek het ons gelei na die DBO, waar ons met 'n onderwysspesialis vergader het om duidelikheid oor hulle planne te kry. Die kurrikula is in proses van finalisering en sodra die ondertekening plaas gevind het, sal dit ons dit aan ons lede kan versprei.

In breë trekke is die idee dat digitale vaardighede in die Grondslagfase uitgerol sal word. Hierdie voorgestelde Digitale Vaardigheidskurrikulum word volgende jaar nasionaal in 50 skole geloods.

Robotika word beplan vir Graad 4 - 6 waar dit moontlik deel van die Tegnologie-kurrikulum sal vorm. Hierdie projek word in 2020 in 100 skole geloods.

Skole wat graag wil deel vorm van die bogenoemde loodsprojekte is welkom om SAOU te kontak. (adelj@saou.co.za / 012 436 0900).

SAOU beplan ook om in Februarie 2020 'n simposium vir Innovasie aan te bied – die eerste van vele nuwe ondersteuningsgeleenthede aan alle opvoeders. U kan ALTYD staatmaak op SAOU om u op die voorpunt van onderwys sake te hou!

GRATIS SEMINAAR DIE INVLOED VAN DIE EUROPESE KONVENSIE VAN MENSEREGTE OP ONDERWYS

Die SAOU bied 'n gratis seminaar aan in samewerking met die Universiteit van Pretoria.

Aanbieder:

Prof. Pablo Meix Cereceda
(Universiteit van Castilla-La Mancha)

Datum: 18 September 2019

Tyd: 14:00 – 17:00

Venue:

SAOU Uitvoerende Sentrum se Ouditorium
Serenestraat 278, Garsfontein, Pretoria

ROBOTICS, CODING AND DIGITAL SKILLS

The PDS team recently met with various role players regarding robotics, coding and digital skills to obtain more information as well as to plan for 2020. Inquiries from our members indicated that there is a need for information and training and we immediately started working.

We have big plans for 2020!

Part of our investigation led us to the DBE, where we met with an education specialist to clarify their plans. The curricula are in the process of finalisation and once signed off, it will be distributed to our members.

Currently the idea is that digital skills will be rolled out in the Foundation Phase. This proposed Digital Skills Curriculum will be piloted nationally in 50 schools next year.

Robotics is planned for Grades 4 – 6, where it will possibly form part of the Technology curriculum. This pilot project will be launched in 100 schools in 2020.

Schools that would like to be part of the above mentioned pilot projects are welcome to contact the SAOU. (adelj@saou.co.za / 012 436 0900).

SAOU also plans to organise a symposium for Innovation in February 2020 - the first of many new support opportunities for all educators. You can ALWAYS rely on SAOU to keep you at the forefront of education!

FREE SEMINAR THE INFLUENCE OF THE EUROPEAN CONVENTION OF HUMAN RIGHTS ON EDUCATION

The SAOU is presenting a free seminar in conjunction with the University of Pretoria.

Presenter:

Prof. Pablo Meix Cerecede
(University of Castilla-La Mancha)

Date: 18 September 2019

Time: 14:00 – 17:00

Venue:

SAOU Executive Centre's Auditorium
278 Serene Street, Garsfontein, Pretoria
