GEMS BTW VERHOGING VANAF 1 APRIL 2018

SAOU lede word in kennis gestel van 'n skrywe wat vanaf GEMS ontvang is rakende die verhoging in BTW vanaf 14% na 15%.

Mediese skemas is vrygestel van BTW maar is genoodsaak om BTW te hef op produkte en dienste wat deur lede geëis word. GEMS het onderneem om nie bydraes of voordele gedurende 2018 aan te pas nie. Die Skema sal die impak van die BTW aanpassing dra en dus sal dit nie 'n invloed op skema reëls hê nie.

GEMS VAT INCREASE ON 1 APRIL 2018

SAOU members are requested to take note of a letter received from GEMS referring to the increase in VAT from 14% to 15% which comes into effect on 1 April this year.

Medical schemes are VAT exempt but are required to cover VAT on products and services that members claim. GEMS will not adjust its contributions or benefits during 2018 in response to the proposed VAT rate adjustment. The Scheme will absorb the impact of the VAT adjustment and therefore will not require any scheme rules.
