BEOOGDE COSATU-STAKING

Graag vestig ons skoolhoofde se aandag daarop dat COSATU 'n landswye staking beoog vir 27 September 2017.

Die staking het ten doel om te betoog teen o.a: Staatskaping, korrupsie, afleggings en die voortslepende kwessie van 'n addissionele 0.5% jaarlikse kerfverhoging vir onderwyspersoneel.

Alle aanduidings is daar dat SADOU aan die staking gaan/kan deelneem.

Die SAOU (Noord-Kaap) wil 'n beroep op skoolhoofde doen om vroegtydig reëlings te tref sou dit blyk dat u skool ontwrig sal word deur die voorgenome staking.

Skoolhoofde word ook daarop gewys om u personeel in te lig dat – alhoewel die staking klaarblyklik beskerming geniet – die beginsel van **''Geen werk, geen betaling''** sal geld. Ons beveel ook aan dat u sal dubbeld seker maak dat die bywoningsregister vir personeel noukeurig op datum gehou sal word.

PLANNED STRIKE BY COSATU

The SAOU Northern Cape would like to draw principals' attention to a planned strike by COSATU on 27 September 2017.

The strike apparently has the intention to protest against: State capture, corruption, retrenchments and the ongoing issue of the additional annual notch increase of 0.5% of teaching staff.

It looks as if SADTU will join the strike action.

The SAOU (Northern Cape) would like to urge principals to take the necessary steps to make sure that teaching is not compromised in the event of a strike.

Principals are also advised to inform all staff that - although the strike will apparently enjoy protection - the principle of '' **No work, no payment ''** will apply.

We also recommend that you double-check that attendance registers for staff is carefully kept up to date.
