## Professional Conduct

## **Beginneronderwyser Opleiding:**

Indien u Onderwys as u beroep gekies het, is die eerste paar jaar van u loopbaan soos 'n rit op 'n tuimeltrein! Dan is jy in beheer en dan is daar dae wat dinge net te veel raak....

Alle Onderwysers gaan deur dieselfde leerskool en moet ons almal "skoolgeld" betaal wat ons toerus vir die pad voretoe!

Hier is 'n geleentheid om die nodige "gereedskap" te kry om die beginjare te hanteer en om deur die tydperk nog staande te bly in die onderwys.

Rus jousef toe met die nodige kennis om 'n beter beginneronderwyser, asook om suksesvol in jou dag-tot-dag take te wees.

## **New Entrant Educator Training:**

If you chose Education as your occupation, the first few years of your career are like a ride on a rollercoaster! At times you are in control and then there are days that just feel too much for you.

All Teachers go through the same learning school and we all have to pay "school fees" that equip us for the way forward!

Here is an opportunity to obtain the necessary "tools" to handle the early years and to remain in education for the future.

Equip yourself with the necessary knowledge to be a better new entrant educator and to be successful in your day-to-day tasks.

## **Professionele optrede in die werksplek:**

Daar word van elke Onderwyser verwag om te alle tye professioneel op te tree. Dit word ook so omskryf in die gedragskode van SARO se Grondwet.

Vind toepaslike riglyne van die moets-en moenies rondom u professionele optrede binne en buite die klaskamer.

Die opleidingsessie sal beslis groot waarde toevoeg vir enige beginneronderwyser in die moderne klaskamer.

## **Professional conduct in the workplace:**

Every teacher is expected to act professionally at all times. It is also so defined in the code of conduct of the SACE Constitution.

Find applicable guidelines about the do's and don'ts regarding your professional conduct within and outside of the classroom.

This training session will certainly add great value to any new entrant educator in the modern classroom.
