## SAOU FREE STATE TRAINING

**Theme: READING:** The influence of generations and pitfalls which teachers have experienced.

**TRAINING DURATION: 120 Minutes**

**CPTD POINTS: 5 Points**

**WHO: All Primary School Educators**

**REGISTRATIONS: ONLY ONLINE**

SAOU invites all members, as well as non-members, to a special **SAOU Free State Training Session** where the SAOU National Professional Development Services (PDS) will address the above-mentioned theme.

# READING FOR LIFE!

## Opleidingsagtergrond:

Navorsing in Suid-Afrika toon dat 'n baie groot aantal laeren hoërskool-leerders nie toereikend kan lees om bevredigend in hul skoolwerk te kan presteer nie.

Verdere studies toon dat **72%** van alle swak presteerders in skole, se leesvaardigheidsvlak tot **4 jaar onder die verwagte prestasievlak is**.

- In watter mate beïnvloed ouers wat al hoe minder lees, hul kinders?
- Wat is die wenresep?
- Hoe hanteer suksesvolle onderwysers die nuwe generasies wie gewoon is aan vinnige resultate, visuele inligting en wie 'n toenemend korter aandagspan het?

**'n Samelewing absorbeer nie oningeligte burgers en onkundigheid sonder gevolge nie – oningeligte leerders word oningeligte ouers** – en so word die totale toekoms van ons almal beïnvloed.

Die PIRLS uitslae bevestig dat **78%** van **SA leerders kan nie met begrip lees nie**, **42%** van ons leerders **in Graad 4 word weekliks geboelie**. **82%** van Suid-Afrikaanse ouers is baie tevrede met hul kinders se skole en leesprestasie – dit terwyl Suid-Afrika in die 50ste posisie lê.

Die Suid-Afrikaanse Onderswysstelsel het die **langste aantal skoolure per week**, tog presteer Suid-Afrika die **swakste van al 50 deelnemende lande**.

Hierdie aanbieding fokus op lesse geleer en wenke om prestasie te verhoog en 'n positiewe werksomgewing te skep.

**Die opleiding fokus op alle Primêre Skool Opvoeders**

## Training Background:

Research in South Africa shows that a very large number of primary and high school learners cannot read adequately to perform satisfactory in their schoolwork.

Further studies show that **72%** of all poor performers in schools, have reading skills, that are **up to 4 years below the expected performance level**.

- To what extent do parents who are reading less influence their children?
- What is the winning recipe?
- How do successful teachers handle the new generations accustomed to fast results, visual information, and increasingly shorter attention span?

**A society does not absorb uninformed citizens and ignorance without consequences - uninformed learners become uninformed parents** - and so the entire future is affected for all.

The PIRLS results confirmed that **78%** of **SA learners cannot read comprehensively**, **42%** of our **Grade 4 learners are bullied weekly**. **82%** of South African parents are very happy with their childrens' schools and reading performance - while South Africa is ranked 50th.

The South African Education System has the **longest number of school hours per week**, yet South Africa is performing **the worst of all 50 participating countries**.

This training session focuses on lessons learned and tips on enhancing performance and creating a positive work environment.

**This Training will focus on all Primary School Educators**

The **MORE** that you **READ**,  
the more **THINGS** you will **KNOW**.  
The **MORE** you **LEARN**,  
the more **PLACES** you'll **GO!**  
~ Dr. Seuss

## REGISTREER DADELIK!
